SINGLE MEMBERSHIP BD 231 INCL. VAT

- Non-married individuals without children or dependents listed on their membership.

COUPLES MEMBERSHIP BD 290 INCL. VAT

- Married couples: A legally married couple with no children or dependents listed on their membership. Under certain circumstances proof of marriage may be requested.

FAMILY MEMBERSHIP BD 316 INCL. VAT

- A married couple with one or more children/dependents who will be using the club's facilities.
- Scope of Membership: This membership category grants full access to all club facilities for the two named adult members and all listed children/dependents. This includes, but is not limited to, sports facilities, pools, and other areas designated for members.
- Children's Access: For the purpose of this policy, any child or dependent of a member who regularly uses the club's facilities is required to be included in a Family Membership. This ensures that all individuals benefiting from the club's amenities contribute to its upkeep and operations.
- Prohibited Misuse: A married couple with children/dependents may not opt for the lower-priced "Couples" Membership and then sign in their children as "guests" to avoid the Family Membership fee. Such an action is considered a misuse of the club's membership categories. The club reserves the right to monitor membership usage to ensure compliance with this policy. If the club identifies a case of a member's child being repeatedly signed in as a guest, it will be considered a disciplinary matter.
